## MEDIA STATEMENT

**Monday, 25 March 2024**

### **North West Provincial Government not part of NW Investments & Economic Development Summit**

**Mahikeng** – The provincial government has noted with great concern the illegitimate use of its brand and names of some Members of Executive Council to market the so-called NW Investments & Economic Development Summit 2024, which none of the provincial government departments and their entities have expressed any intentions to participate in.

The provincial government views the conduct of the organisers of this summit as not only unprofessional and unethical, but mischievous as well, as they intend to lure unsuspecting stakeholders in the economic sector to attend this summit with the pretense that the provincial government is involved.

“As we distance the provincial government from the hosting of this summit, we call upon its organisers to desist from this unacceptable and dishonest conduct, and withdraw the unethical use of the North West Provincial Government brand from its marketing material”, remarked Brian Setswambung, the provincial Head of Communication.
