Rural villages in Tswaing set to gain more public services through Thuntsha Lerole

Mahikeng – A week-long Accelerated Service Delivery Thuntsha Lerole Reloaded programme targeting Tswaing Local Municipality in Ngaka Modiri Molema District Municipality will this Friday, 04 October 2024, reach its peak as all government institutions in the North West Province will be rendering the much needed services at Deelpan and surrounding villages.

The Tswaing Thuntsha Lerole programme will afford the provincial government, led by Premier Kagiso Lazarus Mokgosi, the opportunity to inspect progress made thus far in the construction of over 100 houses which were built in Deelpan village as part of the floods relieve programme implemented by the provincial government, working together with national government through the District Development Model. The Deelpan area was affected by heavy rains which negatively affected the villagers between 2021 and 2022.

The day's service delivery programme will also comprise the handing over of school furniture and stationery to Badibana Secondary School, a newly constructed livestock handling facility and a centre pivot irrigation at Klippan Farm, as well as presentation of assistive devices to identified beneficiaries and sports equipment and attire to two local teams.

A contractor appointed to maintain toilets at one of the local primary schools in Deelpan will also be introduced.

Premier Mokgosi will also lead the planting of trees and donate others to about 100 household in Deelpan village.

After-care services to beneficiaries of Empowerment Fund and Business Rescue will be provided to Bophelo ba Nnete building project and Diretsane building project.
